

Powerful Globalization Capabilities

Optimize your reach and learner impact with multi-language support

No matter where you're located, or what language your business operates in, you may be missing out on a chance to engage with a true global base of learners. Leverage BenchPrep's multi-language user interface and content capabilities to unlock access to a global marketplace of learners and to provide an unparalleled learning experience.

The need for language support

Nearly 70% of growth in global e-learning market is expected in regions and economies outside of North America

Top 10 languages studied around the world: **English, Spanish, French, German, Japanese, Italian, Korean, Chinese, Russian, Portuguese**

Between 1980 and 2015, the number of Spanish speakers in the US nearly quadrupled increasing from **11 million** people to more than **41 million**
