

Custom Reports: Insights Tailored to Your Program's Needs

If you need insights that go beyond standard reports, **Custom Reports** give you a flexible way to analyze your data and deliver reports exactly how you need it.

What You Can Do

- ✓ Surface the exact metrics that matter to your program
- ✓ Filter by cohort, group, or date range to focus your analysis
- ✓ Track completion rates, performance trends, and engagement
- ✓ Visualize results through clear tables and charts
- ✓ Access reports directly in Console or export for sharing

Built Around Your Needs

Each report is configured based on your specific goals, whether you're tracking learner performance, measuring program effectiveness, or monitoring engagement across groups.

Our team works with you to define the right structure upfront, so you get a report that's immediately useful and easy to act on.

Pricing & Packages

Custom Reports are offered as a packaged service:

Simple Report:

Price: \$1,500

Complex Report:

Price: \$5,000

10% discount when you purchase multiple reports

Each report includes:

- ✓ Defined scope and requirements
- ✓ Up to 2 rounds of revisions
- ✓ Delivery within 2-4 weeks
- ✓ One annual update

With Custom Reports, you can move beyond one-size-fits-all analytics and start making decisions based on the data that matters most to you.

No workarounds. No extra tools. Just the insights you need built right into your BenchPrep experience.
