

Zoom Integration for Learning Hub & In-Course Events

Attendance tracking that runs itself. Track live attendance, issue recognitions, and unlock content automatically, all within BenchPrep's native Zoom integration.

Connect Zoom to BenchPrep and stop reconciling attendance by hand. Once a live event ends, attendance data flows in automatically, so recognitions and CE credit go out the moment a learner qualifies, and course content unlocks based on real participation.

Benefits of BenchPrep's Zoom Integration

Automatic Attendance Tracking

Attendance data pulls directly from Zoom once a live event concludes. No manual exports, no reconciling spreadsheets against your roster.

Automated Recognitions & CE Credit

Set your own attendance criteria, like requiring 80% participation, and BenchPrep checks each learner automatically, issuing recognition or CE credit the moment Zoom confirms they qualify.

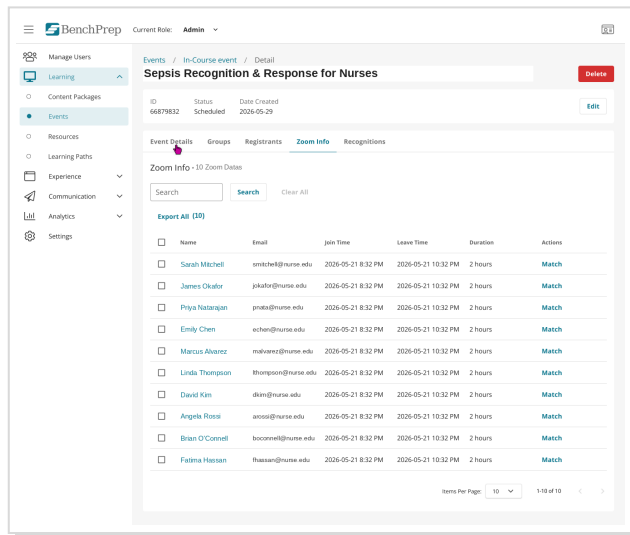

Attendance-Based Content Gating

Lock a quiz or the next lesson until attendance is confirmed, and fall back on built-in exception tools to manually move a learner forward when you need to.

BenchPrep Live Classes

Hosting sessions on a platform other than Zoom? BenchPrep Live Classes works with any platform you choose. Schedule the event, drop in your streaming link, and learners join with a single click from BenchPrep.

The screenshot displays the BenchPrep web application interface. On the left is a sidebar menu with options: Manage Users, Learning (selected), Content Packages, Events, Resources, Learning Paths, Experience, Communication, Analytics, and Settings. The main content area shows the 'Events' section for an 'In-Course event' titled 'Sepsis Recognition & Response for Nurses'. Below the title are tabs for 'Event Details', 'Groups', 'Registrations', 'Zoom Info', and 'Recognitions'. The 'Zoom Info' tab is active, showing a 'Zoom Info - 10 Zoom Dates' section with a search bar and a 'Search' button. Below this is a table with 10 rows of data, each representing a Zoom session. The table columns are: Name, Email, Join Time, Leave Time, Duration, and Actions. Each row has a checkbox in the first column and a 'Match' link in the last column. The data rows are as follows:

☐	Name	Email	Join Time	Leave Time	Duration	Actions
☐	Sarah Mitchell	smitchel@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	James Cleator	jcleator@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	Priya Natarajan	pnataraj@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	Emily Chen	echen@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	Marcus Alvarez	maltvarez@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	Linda Thompson	lthompson@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	David Kim	dkim@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	Angela Rossi	arossi@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	Brian O'Connell	boconnell@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match
☐	Fatima Hassan	fhasan@nurse.edu	2026-05-21 8:32 PM	2026-05-21 10:32 PM	2 hours	Match

At the bottom right of the table area, it says 'Items Per Page: 10' and '1 of 10'.
